HOUSING

All IMUAS students enjoy the best, in apartment living. To facilitate the learning experience, we have invested in private housing, close to the campus.

Typically, there will be four students, in each apartment. Every effort is made to keep classmates close to each other, in the same complex.

Electric water are included. Kitchens are stocked with everything you need, to prepare your meals, while not in class.

TRANSPORTATION

For your convenience, IMUAS provides a shuttle service, to and from class, every day.

CLASSES

Classes are held from 0900—1300, Monday—Friday. There will be a 10 minute break, every hour.

RECREATION

Fishing, swimming, boating, volleyball, soccer, biking, jogging & fitness trail, racquetball, bowling, golf, and golf are all within minutes, of the campus.

ABOUT IMUAS

The International Maritime University of Adaptive Sciences (IMUAS) is dedicated to offering a curriculum, which challenges students to integrate their professional and life experiences, with the mastery of the Adaptive Sciences Foundations, required in their disciplines. The University is committed to creating an environment, which will foster higher learning and meet students' individual needs.

Graduates, with an MA or Ph.D. in select fields, may avoid the lengthy and expensive mainstream course requirements and begin practice, immediately.

IMUAS is especially beneficial to Health and Education Professionals, who have been practicing, in their own countries and would like their degrees to be recognized, in the US

IMUAS is accredited by the International Association of Adaptive Sciences (IAAS).

IAAS is the Accrediting Body of all learning programs, learning Agencies, Institutions of Higher Education, regular Free Standing, Specialized Schools, Colleges and Universities around the world, that have Adaptive Sciences Staff or Programs.

For the past 20 years, the U.S. Department of Labor has granted more than 60 disciplines and labor certifications in the Adaptive Sciences. Our Professional Certifications and Registrations meet all State and Federal Criteria.

SOUTH FLORIDA, YOUR HOME AWAY FROM HOME

BOYNTON BEACH, FLORIDA

Our campus, located at 936 East Ocean Avenue, in Boynton Beach, is a short walk from the IntraCoastal Waterway and only 1/2 mile from the Atlantic Ocean.

Fishing, swimming, surfing and much more are a stone's throw away. South Florida is known for its pristine beaches, crystal clear water and the best reef diving on the East Coast, of the United States.

While you're here, learning English and more, you'll still feel right at home. 34% of the population, in South Florida is Hispanic. There are many Spanish language newspapers and shops.

Natives of various Central and South American countries, your courses are being taught by graduates, of IMUAS. These are people who have obtained their PhD degrees and Permanent Residency visas, through us and have been working, in their chosen professions, for years.

While attending classes, at IMUAS, you'll be staying in full sized apartments. Each apartment has its own kitchen, bathroom and dining room/living room.

EMPLOYMENT

Severino Polanco, of Student Advisory Services, through their internship program will assist interested students in obtaining a position, in the occupation, of their choice, in the US.

Complete on-site visa services are available, through IMUAS' Student Services. You could have a new career and a work visa, before you complete your studies.

Call Severino Polanco, now, to begin your future!
